

INTRODUCTION TO ACTIVITIES

Welcome to the campaign! This resource has been designed to support your learning about political campaigns, participating in elections, and how the results translate to seats in the House of Representatives at Parliament.

You will be asked to form a party, come up with your own policies and ideas, plan your campaign trail, and try to win the votes of your classmates.

You'll use the [**Create your own Parliament**](#) tool on the New Zealand Parliament website to input the results of your election. Negotiate with other parties to achieve a majority and form a government!

Your teacher will allocate or allow you to choose from one of the parties below.

**Hoiho
Party**

**Kiwi
Party**

**Kea
